Rules for the award of scholarships from the Silver Wedding Fund for study abroad.

An occasional scholarship may be awarded from the Fund from time to time for higher training outside India. No applications are invited for such scholarship but Directors of Public Instruction are at liberty to submit the applications of suitable candidates before the first of January for the year in which they desire to pursue their studies in Europe. The scholaoships may be of the value of £ 300 a year tenable for a period of three or four years according to the course of study to be pursued; free second class passages from Bombay to London and back are provided. Such scholarships were originally confined to graduates of Indian Universities under the age of 22 years, but it has been subsequently decided to consider also applications from non-graduates who are successful in examinations not conducted by a University, and to refrain from laying down any hard and fast rules specifying on age limit. A scholarship will not ordinarily be awarded to students to study subjects in which suitable provision for training is available in India. Furthermore, only those students will be considered for scholarships who are brilliant and whose fathers have rendered exceptional services and have very limited means.
